Works with Android 2.3, 3.1, 4.0, 4.1, 4.2, 4.3, 4.4, 5.0, 6.0 in War : Helicopter 3D, war game fans find a very interesting option with combat helicopters and dozens of military missions that are necessary to shoot missiles and shoot without alone. Anti-violentplay surprises by fluidity and ease, since the control of the ship, which was made through acceleration, hit very well and makes the pilots forget that they are carrying a tool. Buttons that take care of the weapons and accelerometer also please position and accurate answers. Missions have a level of difficulty-out and always exciting, as players do not have to travel long distances to find a little work. Another cool advantage is that the opponents are diverse and fight back whenever possible. Balanced set in the visual side, GUNSHIP BATTLE: A 3D helicopter is not a simulator, simple three-dimensional models and blurry textures resembling old games from the late 1990s. However, the kit will be satisfactory when we take into account platform restrictions. The simplest graphics also ensure fluidity on older devices. As far as sound is concerned, TheOne Games title will not disappoint demanding players, as all the effects of shooting and explosions are very realistic, reinforcing a very fascinating battle environment. The cost of war is expensiveThe only advantage that takes points from GUNSHIP BATTLE: Helicopter 3D is that store upgrades and helicopters are overly salty, reducing the chances of many players who are unwilling to spend on microtransactions. Battle of War: 3D is a free Android game, being part of the gaming category and action subcategory, created by JOYCITY Corp.
